Proposal Information

Please fill in the information carefully so that we can process your submission. There are 6 different kinds of presentations you can submit, so pay attention to each one of them below.

Process:

1. Handouts, if there are any, are to be printed by the presenter(s) before the presentation at BRAZ-TESOL; we'll print any material.
2. You **MUST NOT** make explicit reference to published materials or a specific service your company provides. No commercial talk will be accepted through this call. The call for commercial sessions will be done among the event's sponsors only. If you would like to make explicit reference to published materials or a specific service your company provides, please consider sponsoring the event.

Teaching tip (10 minutes)

This is a quick presentation of a classroom activity, technique, or resource. Your 10-minute presentation will be allocated in a 45-minute wrap session with other presenters about a similar topic or that cater for a similar public.

Talk (45 minutes including Q&A)

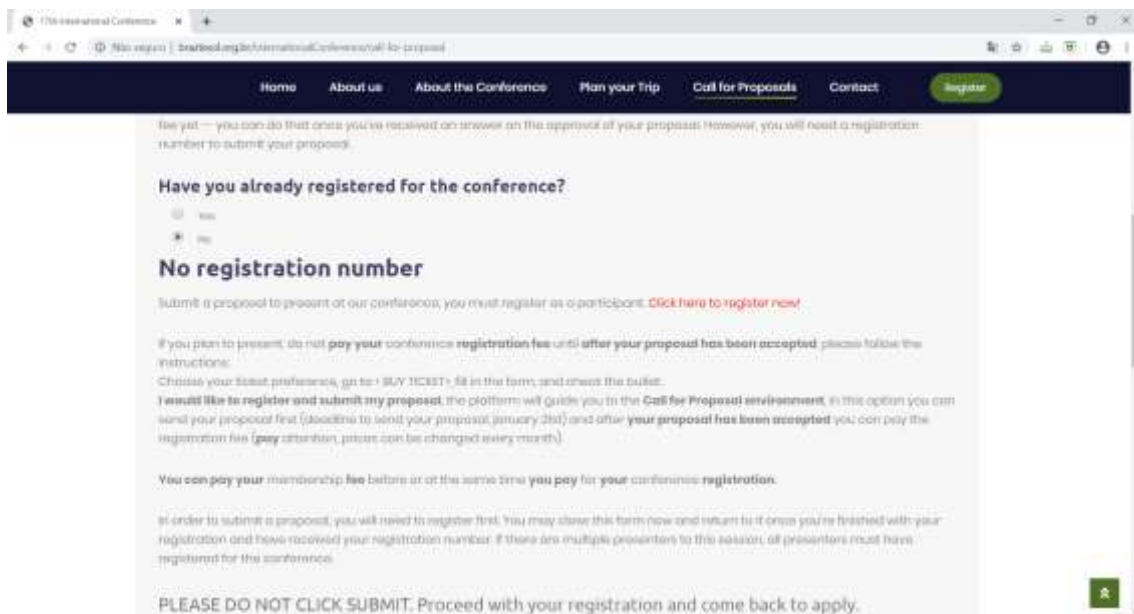

A talk should describe something you are currently studying, researching or doing (have done) in class as a teacher / with learners. It may include aspects of theory and it should probably refer to the practical aspects of teaching. If you're delivering a session in this format, try to leave at least 10 min for questions and answers.

Workshop (45 minutes including audience participation)

5) Preencha as informações da Proposal e clique em **Send Proposal** e aguarde sua Proposal ser avaliada.

6) Caso não esteja registrado, siga as instruções abaixo:
