

Lesson 4: Celebrity Jobs

5 mins	Teacher hands out Handout 1 and instructs students to discuss the questions in pairs
15 mins	Teacher splits students into groups and assigns one celebrity to each. Teacher instructs students to find out information about the celebrity on the internet and answer the Web quest Questions
5 mins	Teacher splits students into 5 different groups (one from each original group in each new group) Students share information about their business - they use the Web quest questions to help them.
5 mins	Teacher gives students the Present Simple Questions worksheet and instructs them to reorder the words to make questions. Students compare in pairs.
10 mins	Teacher gives each original group a Character.ai link for their Celebrity and asks them to use the Present Simple questions to find out information. Students compare the Web quest answers with the Character.ai answers and discuss why AI gives different answers.
5 mins	Students discuss the four discussion questions in groups and teacher elicits feedback.
