## Food from all over the world

1. Boxyty is an Irish potato pancake. It's a pancake which is made from potato instead of flour. People who like Boxyty don't normally eat it with sugar. Many people add cheese, which makes it savoury.
2. A pasty is a kind of pastry which is filled with meat or vegetables and baked, a bit like a pie. People who don't have time to sit down for lunch usually eat pasties because they are easy to eat on the go. Pasties are very popular in the south of England, where they're made.
3. Fairy bread is a dessert that is very popular in Australia. It's so easy to make. It's just white bread, butter and sprinkles. I used to be so jealous of anyone whose parents gave them fairy bread for lunch at school. I was only allowed have it at parties.
4. Anyone who doesn't like poutine fries is crazy. They are the best thing that Canada has to offer. Poutine fries are chips which are covered in cheese and gravy. I mean, does that not sound delicious? They are so much better than regular chips.
