

Lesson 2: Present your App

2 mins	Teacher instructs students to get back into their presentation groups and take out the worksheets from the last class.
15 mins	Teacher hands out the Rules Worksheet and instructs students to work together to think of 8 rules for the app.
3 mins	Teacher hands out the checklist and tells students to see if they have everything. Teacher informs students they will also use the checklist when listening to other presentations.
20 mins	Teacher informs students they will present their app to another group.
5 mins	When presentations are finished, teacher splits students into pairs and hands out the error correction activity. Students work together to fix the errors in the sentences. Teacher elicits answers.
